VALUATION OF CONSTRUCTION AFFIDAVIT

I understand that any representations of value that I make on the building permit for the property located at _____ effect the cost to me of the building permit issued by the City of Gallatin, Tennessee. I make these statements under oath and understand that I will be prosecuted to the fullest extent permitted by law if I knowingly understate the value of construction on this application for building permit.

For residential value of construction, valuation means the fair market value of the completed structure, less the value of the land upon which the structure is constructed.

For commercial value of construction, valuation means the total contracted cost of finished construction.

I also understand that by signing this affidavit, I am personally responsible to pay the City any difference between the permit fee based on the construction cost and/or square footage submitted with the original permit application and the permit fee based on the final construction cost.

Signed this _____ day of _____, 20_____.
