Gallatin is working to keep our downtown a thriving and beautiful community.

Zone 1 - Downtown is open! Only two blocks of Downtown Gallatin are under construction and ALL stores are accessible - *some with back entrances for you to discover!*

Zone 2 - When complete, Downtown Gallatin will have MORE spacious parking spaces, beautiful landscaping and many trees!

Zone 3 - It's a bit of a challenge to get around downtown during construction, but parking is plentiful, and there are many merchant and restaurant specials. *Come check it out!*

Shops are open, restaurants have awesome specials and Downtown is buzzing.
